Subject:	Re: ePolicy Orchestrator 4.5 released on 6/29/09

Awesome news team. Great job.

On 6/29/09 7:43 PM, "Tanurhan, Ulli" <Ulli_Tanurhan@McAfee.com> wrote:
Hi everyone,

The ePolicy Orchestrator team is exited to announce the release of ePO 4.5, adding a range of features from tier architecture options, workflow efficiencies to enhance visibility.

This version introduces many new ███████████████████

███

With the new 4.5 release, ePolicy Orchestrator extends its leadership as an open platform to manage end-to-end security while strengthening protection, achieving cost efficiencies and making security management a more agile, transparent part of IT operations.

Best Regards,
Ulli
